## 485: Nora Hollstein / Limerent Object (2020)

"Nora Hollstein is a Berlin-based photographer and photo editor. In her latest ongoing series, she explores the phenomenon of limerence. Inspired by Dorothy Tennov's meticulous research on the subject, she reflects on her own experiences while exploring the media-driven imagery that is inherent to us. Creating a world of enticing imagery, she attempts to make the viewer feel or remember what drives limerence."
